FAIR PREVIEW FAIR PREVIEW

30TH JUNE - 3RD JULY AT OLYMPIA

ONE-STOP STYLE FEST

The *Daily Telegraph/House & Garden Fair*, at Olympia, this year from June 30 to July 3, has become an unmissable diary date for people interested in stylish living, bringing together under one roof retailers of items for the house and garden, as well as travel companies, food and wine experts, and specially commissioned design features. For the last 10 years, members of the British Interior Design Association (BIDA) have created a show apartment at the fair. This year, inspired by the theme 'Smart Space', a team of six will combine skills to produce a kitchen, dining room, sitting room, home office, bedroom and bathroom that juxtapose smart design with modern technology.
